 - a. Mike Barley- Donation (Johnson Foundation)/builder step forward for a brand-new rabbit barn!
 - i. 12 ft ceilings, 6 ft wider, 3 ft longer, proper ventilation, fans, total 36ftx54ft
 - ii. The actual footprint will be taken down so ends won't be as steep.
 - iii. Windows/vent panels along the sides
 - iv. Saturday May 7th clean-up will focus on getting the barn ready to be taken down.
 - v. Should be done by July 10th.

- vi. MDARD grant request was \$90,000 and Johnson Foundation agreed to fill the gap for the total of \$135,000!
 - 1. However, if grant does NOT come through Johnson Foundation will forward all the funds for the new building.
 - vii. Extra help and assistance will be needed throughout the summer to prepare rabbit barn for construction and then put together after.
 - viii. New increases with camping, tickets, etc. will come out in the premium books.
 - ix. TSC donated \$5,000 for barn improvements
- X. 4H Staff Spotlight

1. **Exploration Days June 22-24th at MSU:** Exploration Days Registration is now open through May 9th! Scholarships are available from each of our counties, and also from our Livestock Council. If you are taking a session that is livestock-focused, the council will provide funding assistance. You can also ride the bus to go down to campus and back. Go to the Exploration Days registration page to get started, and be sure to select sessions with openings in them! https://www.canr.msu.edu/4_h_exploration_days/registration_information

Want to go with a good friend? Get them to register, and enroll in 4-H, and you can room with them in the dorm! Reach out to your local coordinator with any questions, and for scholarship applications.

1. **Exploration Days GT County Orientation Dates:** Exploration Orientation Meetings will take place on Tuesday June, 7th or Tuesday June 14th from 6:30-8pm, at the GT Office Location. We will be going over what is needed for chaperones, and for participants to reserve housing accommodations at these meetings.
2. **Great Lakes Natural Resources Camp** Registration is now open! Camp will be held July 31-August 6, 2022, in person, in Presque Isle. This year's camper fee is \$500.00 per camper and includes 6 nights of lodging, all meals and snacks, a t-shirt, and experiential learning provided by MSUE staff, MSU Fisheries and Wildlife and MSUE Sea Grant. Camper age is 13-15 and they do not need to be a 4-H'er to attend. Partial scholarships are available—contact your Program Coordinator for more information.
3. **Canoe/Kayak Training:** Anyone interested? There is an upcoming training event for adults (MSU/MSUE staff or Active Gold volunteers) planning to lead canoe and kayak experiences for 4-H youth. This event was crafted especially to meet the needs of youth program leaders, such as 4-H clubs and camps, YMCAs or scout organizations. Training will be led by 3 expert paddlers certified with the American Canoe Association (ACA). Event is scheduled for June 1-5, 2022 in Traverse City at the Go-Rec Outdoor Center and is open to only 10 (min) - 20 (max) participants. *We are pleased to offer a partial registration scholarship of \$295 for up to 10 Active Gold 4-H Volunteers. Volunteers are eligible for a partial reimbursement of program registration fees, while funding lasts; [apply HERE by May 4, 2022.](#)*
4. **Tractor Supply Paper Clover Campaign:** Now through May 8th, you can shop at our local Tractor Supply Company stores and purchase a paper clover (or several) to donate funds to our local 4-H programs. These funds support youth attending things like Exploration Days here in Michigan! Our US-31 store supports both Grand Traverse and Leelanau County programs, and we thank them for this.
5. **Tanner Exhibit Building:** "Explore Your Spark!". We now have the packets ready for clubs and youth for this year's exhibit information in the Tanner Building! We have them in hard copy and they will also be put on the Livestock Council website. We will have club booth displays, focusing on the Explore Your Spark theme, competing to win the best club display (banner, ribbon, and pizza gift certificate), individual youth projects (with ten different classes listed in the Fair

Premium Book) will be put on display on four tables in the building according to age groups and will be judged for first, second, and third place (and cloverbuds will get participation ribbons and feedback). The independent projects will need to be registered as non-animal projects with the Fair: these registrations are due July 15th. We will also have the chance for all youth to take part interviews on Monday of fair, and these will be judged in different age brackets (cloverbud for participation, 8-11, 12-15, and 16-19) for first, second, and third place ribbons. The three finalists for the Clover Award will also have their interviews on the Monday of Fair. The information sheets also provide the link to the Club Space Registration Form (due Monday, June 17th), as well as the fillable Clover Award application (for youth ages 10-19). Our free cloverbud craft activities will also be held in the building through fair week, twice a day, and our games day will be held on the 13th under the DA tent. We would really love to see you all take part in the Tanner Building this Fair!

Benzie:

1. June 18 – Cattle Fitting & Showmanship Clinic at Manistee Co. Fairgrounds, GT, Leelanau, Antrim, & Kalkaska youth in need of education credits are welcome to attend and observe. Space is limited on the Fairgrounds so preference will be given to Manistee & Benzie youth to bring their 4-H projects. Register by June 10 via the google form, can be found on Manistee 4-H Livestock Council webpage under Upcoming Events – www.manistee4hlivestockcouncil.org
