## **Tips & Things to Know for Fair Week**

### **Prior to Fair:**

1. Have 4-H club shirts made for members, leaders, and parents to wear during the week of fair. Many clubs will wear these on auction day and when they have their buyers' photos taken. NOTE: It is NOT appropriate for members to wear their club shirts during a show or for an adult that is officially helping with the show to wear their shirt.
2. Leaders are encouraged to order a nametag to wear during fair week. Contact an executive board member during one of the 4-H Livestock Council meetings to order.
3. Help recognize your high school seniors by getting the appropriate species chair a photo and bio about your senior members. Photos are often displayed at the end of the barn and the bios are read during their show.
4. Obtain the official final copy of the fair week schedule so that you can ensure everyone is where they need to be at the appropriate times. Final schedules are handed out at the July 4-H Livestock Council meeting and posted on the website and on Facebook. You will know that it is the final and official schedule because it will be printed on green paper.
5. Pen/Stall Set-Up:
  - Ensure that club decorations and signs do not block airflow to your animals or those around you.
  - No lights, of any type, are allowed as part of the decorations.
  - All pens must display a 4-H Livestock Council provided "Pen Card" with youth and animal information. White signs are for market animals and green signs are for Cloverbud and/or show only animals.
  - Have pens/stalls filled with sawdust and ready for the animals before arrival day. Plywood or stall mats may be required under the sawdust, refer to species-specific requirements.
6. Plan for what supplies your club will need:
  - Transportation – Be sure that every club member has a safe way to transport their animal to the fair.
  - Animal Supplies – Wheelbarrows, shovels, feed bins, water buckets, cleaning & grooming supplies...These will all have to be stored at your campsites so sharing can be beneficial. Make sure that all items are labeled with the member's or club's name.
  - Personal Items – Northern Michigan weather is unpredictable... Remind members to plan for all sorts of weather. Also be sure that every member that is working with an animal has the appropriate footwear. Boots are required at all times when working with large animal projects.
  - Camping – The fair board will assign a time and location for each camper to be brought in prior to fair. All campers are required to have a sign indicating who is staying in that camper.

- Be sure to get all supplies to your camp area before fair begins. There are NO vehicles allowed on the grounds after the first Saturday evening. Plan accordingly!
7. Members are NOT required to stay at the fairgrounds throughout the week; however, they are still responsible for their animals. Make sure arrangements have been made so that all club animals are being cared for while members are off grounds.

### **During Fair:**

1. Remember that all 4-H members, leaders, and parents are ambassadors for 4-H, the 4-H Livestock Council, and the NW MI Fair throughout the entire week of the fair. Greet visitors, be friendly and helpful and answer questions visitors may have. Visitors will walk away with an impression of the entire 4-H program and the NW MI Fair. Positive attitude and demeanor are important!!!
2. All 4-H members and siblings are given a wristband that they must wear throughout the week. This will serve as their gate pass should they need to leave the grounds. Leaders and parents should consider purchasing a weekly or annual pass if they intend to come and go from the grounds.
3. Attend the daily Leaders' meeting to stay informed on issues and events that are taking place throughout the week.
4. Be sure to check the posted show schedules early in the week. If you believe there is a problem with the schedule as posted, contact the appropriate species chair as soon as possible. NOTE: Postings should reflect all classes that the members signed up for. Classes can NOT be added once registration has closed.
5. Show Etiquette:
  - Parents and other spectators should not talk to 4-H members while in the show ring.
  - It is inadvisable to talk to the judge before or during the show. If you have a question for the judge, respectfully approach them after the show is complete and the results have been announced.
6. Curfew for 4-H youth members is 11:00 pm each evening; youth members need to be at their campsite by curfew.

### **Saturday – Check In Day**

1. Be sure all animals are CLEAN and groomed before arrival at the fair.
2. Refer to the green fair week schedule for the following:
  - a. Arrival times: Ensure that all animals are checked in within the provided window for that particular species.
  - b. Gate assignments: Traffic through the fairgrounds during check in times is controlled for safety. Enter through the assigned gate based on what species is being dropped off and follow traffic flow signage.
  - c. Health Records: Ensure that all members have the appropriate species-specific health record with them when they check in.

- d. Weigh-in: All market animals must weigh-in on certified scales at their assigned time on Saturday. Swine will weigh-in as they unload from the trailers.
  - e. Barn Meetings: All barns will have a meeting to ensure that the youth know what is expected of them throughout the week. This will include times that the animals can be fed and exercised.
3. Attend the MANDATORY meeting held in the grandstands Saturday evening.

### **Sunday, Monday, Tuesday, & Wednesday**

1. Refer to the printed green schedule for both 4-H and Open show days and times.
2. Ensure that pens are being cleaned and animals are exercised at the posted times in each barn.
3. Encourage club members to show their support by attending other members' shows.
4. Buyer Pre-registration is Wednesday evening. Encourage your market members to stay near their animals as many buyers will be walking through the barn looking to talk to the 4-H youth.

### **Thursday – Auction Day**

1. While your members are in the auction ring:
  - a. Cheer them on...Crowd enthusiasm can be infectious
  - b. Watch for the location of the buyer and take note of the appropriate name
  - c. After the animal has been returned to the barn, have members find their buyer to personally thank him/her/them for the support.
    - i. Please remember that if you are offering a gift to your buyer at this time it needs to be manageable as the buyer will have to carry gifts back to the front parking lot.
2. Lunch is provided for all market 4-H members on Thursday as well as all registered buyers. Other 4-H youth and family members may purchase a lunch.
3. Be sure that all market youth have had their picture taken by the professional photographer. This is REQUIRED. (NOTE: Refer to the green schedule for species-specific times which may fall on a different day. If a member has missed their scheduled photo, check with the photographer to see when they can reschedule)

### **Friday**

## **Sunday – Load Out Day**

1. Processing trucks will begin loading at 5:45am. Be sure that all animals are fed and the youth are available to help load their animal BEFORE 5:45am. The poultry and rabbits barns will open at 7am so that those animals can be prepped for processing or removed from the grounds.
  - a. NOTE: The process of loading the animals can be difficult for all those involved; please be available to help wherever and whenever possible.
2. Pen cards must remain visible until the animal has been loaded on the truck.
3. After the animals have been loaded, ensure that all club members fully clean their pen/stall area. If the pen/stall is not cleaned out once the barn is empty, you may be called to return to the barn/fairgrounds to clean it up.
4. It is highly recommended that all equipment and supplies used to care for animals be cleaned and thoroughly disinfected prior to taking them home.
5. Campers can begin leaving at 6am. Please ensure that everyone moves slow and cautiously as there will be lots of people and animals moving about.

## The Role of a 4-H Parent

The parents of 4-H members can contribute greatly to their child's learning experience. To make 4-H most meaningful, the parents can:

1. Support their child by providing "Shadow Leadership", whereby they offer guidance, but stand aside to ensure the project stays the **child's** project.
2. Attend club meetings and participate in club activities; consider completing the 4-H Volunteer Selection Process.
3. Attend monthly 4-H Livestock Council meetings and monitor emails often to stay informed. The 4-H Livestock Council FaceBook page is also available.
4. Read and refer to the 4-H Livestock Policies & Procedures for details regarding the program in general as well as species-specific requirements.
5. Support the 4-H leaders' efforts.
6. Keep communication lines open with the club's leaders and other parents.
7. Volunteer to handle a specific aspect of the club, for example, working with club officers, arranging for families to rotate providing snacks, planning an educational field trip for the club members, etc.
8. Ensure that their child completes the requirements of the project, including the livestock record book, the two educational sessions, and the required two hours of clean-up at the fair; dates and times of the latter will be announced at 4-H Livestock Council meetings and printed in the minutes.
9. Be informed of the ending weight requirements of the animal the member is raising; understand that under-weight and/or over-weight animals (per official weigh-in) are not eligible to be marketed in the 4-H auction.
10. Understand that the parent and/or the 4-H'er has full financial responsibility for the animal from the time of possession until the animal is loaded on the truck at the fair (or the new owner has physical possession). This includes medication & vet expenses.
11. At the Fair, ensure that their child is where they are supposed to be – and on time.
12. At the Fair, assist before/during /after any events their child is involved in, from moving chairs to putting up fencing to cleaning up afterwards, etc.
13. Assist with their child's species events throughout the week.
14. After fair, ensure child has sent the buyer a thank-you note and official fair picture.
